Work Experience

- Oct-2023 to Feb-2024 **Swiggy, Software Dev Engineer III.**
- Developed self serve Instamart Ads products for brands, actively involved in creating a user-friendly report generator designed to enable brands to analyze their campaigns and assess performance metrics efficiently.
 - Significantly slashed over 70% of throughput to a high-cost service by implementing a cache layer for displaying the nearest serviceable store on Instamart.
- Apr-2022 to Sept-2023 **Swiggy, Software Dev Engineer II.**
- Constructed the Keyword-Based Ads for Instamart within a month, contributing to the development of Swiggy's proprietary ads platform. Involved in the design process, allowing brands to initiate campaigns and engage in keyword bidding for competitive positioning against other brands which led to an impressive 11 Rs increase in order value over a concise 3-month period.
 - Isolated the concerns of the Instamart Checkout Experience from other business lines by creating a new micro-service to enhance the monitoring, alerting, and development and deployment of features specific to Instamart.
- July-2020 to March-2022 **Swiggy, Software Dev Engineer I.**
- Integrated Swiggy One free delivery and extra discount benefits to Instamart resulting in a notable 30% increase in membership customer adoption on the app.
 - Improved the efficiency of a monolith service by reducing build and test execution times by 80%, achieved through the identification and elimination of unused modules and strategic service refactoring.

Education

- 2018–2020 **M.Tech in Computer Science & Information Security**, *International Institute of Information Technology*, Hyderabad, *CGPA - 7.12/10.*
- 2013–2017 **B.Tech in Computer Science**, *University of Delhi*, New Delhi, *Percentage - 76%.*

Achievements

- Swiggy**
- Annual Swiggstar** - Received the Annual Swiggstar team award for seamlessly integrating the Swiggy One subscription into Instamart.
 - Quarterly Swiggstar** - Received the Quarterly Swiggstar team award in recognition of successfully developing a keyword-based ads platform for Instamart.
- Olympiad** 1st Rank in School & 519th International Rank in 6th SOF International Mathematics Olympiad.
